

# CCLG ANNUAL CONFERENCE 2026

Programme v3 Jan 26 (subject to change)

The Children & Young People's Cancer Association

| Day 1       | MONDAY 16 MARCH   |  |   |                          |
|-------------|---|--|---|--------------------------|
| 08:00-09:00 | Registration  |  |   |                          |
| 09:00-09:05 | <b>Auditorium:</b> Opening and welcome address  |  |   |                          |
| 09:05-10:20 | <b>Auditorium: PLENARY</b><br><b>NHS 10-Year Cancer Plan: Transforming the CYP Cancer Journey - What You Need to Know</b><br>Chair: Prof Darren Hargrave et al.<br>Showcasing vision of newly-launched NHS 10-year cancer plan in England, data/AI & cancer intelligence and illustrative case exemplars of how ambitions and goals can be met through all areas of the patient journey - treatment and care, shared care, survivorship plus all different specialties. This is essential information for all those working within the NHS to get up to speed with the latest plans.<br><i>Audience: Everyone</i> |  |   |                          |
| 10:20-10:50 | <b>Exchange Hall:</b> Refreshment Break   |  |   |                          |
|             | <i>Auditorium</i>   | <i>Charter Suite</i>   | <i>Exchange Rooms</i>   | <i>Breakout Meetings</i> |
| 10:50-12:00 | <b>RESEARCH</b><br><b>From Sample to Breakthrough: 30 Years of Biobanking Transforming CYP Cancer Research</b><br>Chair: Prof Debbie Tweddle<br>Speakers:<br>- Role of PPI (Sara Wakeling, Alice's Arc)<br>- VIVO BioBank/collaborations (Dr Sam Behjati)<br>- Impact of the biobank on advances in leukaemia research (Prof Anthony Moorman)<br>- SMPPaeds1 and the biobank (Dr Sally George)<br>- ECR project - Near infra-red fluorescence in Wilms tumour (Mr. Max Pacht)<br><br><i>Audience: Everyone (particular interest to researchers/scientists)</i>  | <b>PAEDIATRICS</b><br><b>Caring for the Whole Child: Working Together in Childhood Cancer Care</b><br>Chair: Jeanette Hawkins<br>Speakers:<br>- A multidisciplinary approach to mitigating risk and managing the complexity of acute leukaemia patients on A2G protocol in day bed units across the SW network (Dr Jemma Say & Sophie Bowgarth-Hogarth)<br>- Attitudes to school attendance (TBC)<br>- Educating POSCUs on infusional SACT (Dr Jenny Ho et al.)<br><br><i>Audience: Clinicians, nurses &amp; AHPs involved in children's cancer care</i> | <b>TEENAGERS &amp; YOUNG ADULTS</b><br><b>Exploring data, diagnosis and care through the TYA lens</b><br>Chair: Dr Lorna Fern<br>Speakers:<br>- 'Are we lumpers or splitters?' Analysis of the National Cancer Diagnosis Audit for patients diagnosed aged 0-24 years: Children versus teenagers and young adults (Ruth Swann, Senior Information Analyst, Cancer Research UK/NHS England)<br>- Data transformation across the North West TYA landscape (Rachael Hastwell, Susan Keeley & Dr Lisa Howell)<br>- Exploring the experiences of nurses caring for teenagers and young adults within the criminal justice system with cancer (Toucan Study) (Jo Maconnachie)<br>- A collaboration of TYA palliative care (Laura Elder)<br><br><i>Audience: Clinicians, nurses &amp; AHPs involved in TYA cancer care</i> | To be confirmed          |
| 12:00-13:15 | <b>Exchange Hall: Lunch</b><br>12:15-13:00 SIG Updates<br>13:15-13:00 Spotlight talks & demo sessions: Norgine Session & BioBank Research Nurse Workshop  |  |   |                          |

|             |  |  |   |                 |
|-------------|--|--|---|-----------------|
| 13:15-14:15 | <p><b>DIAGNOSTICS   CLINICAL</b></p> <p><b>One Patient, One Pathway: Clinical Diagnostics</b><br/>Chair: Prof Steve Clifford<br/>Speakers:</p> <ul style="list-style-type: none"> <li>- Sustainability in paediatric oncological imaging (Dr Erika Pace)</li> <li>- Real-world experience of using the circulating miR-371a-3p assay for children and young people with suspected malignant germ cell tumours (Dr Matt Murray)</li> <li>- Long-read sequencing and its potential clinical application in paediatric cancer TBC</li> </ul> <p><i>Audience: Clinicians &amp; nurses</i></p>  | <p><b>PSYCHOSOCIAL CARE</b></p> <p><b>Mental Health, Culture &amp; Communication in CYP in cancer</b><br/>Chair: Prof Anne-Sophie Darlington<br/>Speakers:</p> <ul style="list-style-type: none"> <li>- The risk of developing specific mental health conditions among CYP diagnosed with cancer (Moe Zandy)</li> <li>- Culturally Intelligent Supportive Care: Improving Outcomes in Paediatric Oncology through Inclusive Practice (Dr Mohit Bhagia)</li> <li>- ‘Still in Survival Mode’: Trauma-mapping parent experiences of paediatric brain tumour (Melanie Rolfe)</li> <li>- Exploration of AYA healthcare and key support professionals’ understanding of AYA psychosocial needs and perceived competency, confidence and barriers to communicating with AYA (Aileen O-Dwyer)</li> </ul> <p><i>Audience: Clinicians, nurses &amp; AHPs</i></p> | <p><b>RESEARCH</b></p> <p><b>ECR research, careers &amp; networking session</b><br/>Topics, Q&amp;A and clinic</p> <p><i>Audience: ECRs, researchers/scientists</i></p> | To be confirmed |
| 14:15-14:45 | <b>Exchange Hall:</b> Refreshment Break  |  |   |                 |
|             | <p><b>PLENARY</b></p> <p><b>Spotlight on Excellence: Award-Winning Research across the CYP Cancer Community</b></p> <p><u>Early-Career Investigator Award</u><br/>Clinical impact of ultra-fast whole genome sequencing in paediatric haematology-oncology practice (Dr Aditi VEDI)</p> <p><u>Basic Experimental &amp; Translational Science Award</u><br/>Exome sequencing in children with b-cell non-Hodgkin lymphoma identifies undiagnosed inborn errors of immunity (Dr Helen Griffin)</p> <p><u>Transforming Care Award</u><br/>The cancer experience of care improvement collaborative: reducing inequalities and strengthening end of treatment and late effects pathways for teenagers and young adults in cancer care (Rachael Hastwell)</p> <p><u>Innovation and Change Award</u><br/>Driving system change through cross-sector collaboration: the IMPACCT initiative</p> |  |   |                 |

|             |   |  |  |  |
|-------------|---|--|--|--|
|             | <p>for paediatric cancer trials (Emily Hall, Solving Kids Cancer)</p> <p><u>Teenage and Young Adult Cancer Award</u> (Lisa Thaxter Prize)</p> <p>A decade of change: descriptive comparison of the BrightLight cohorts 2012 vs. 2021 (Prof Rachel Taylor)</p> <p><u>Patient Involvement Award</u></p> <p>Making a home for patient and parent involvement at the candlelighters supportive care research centre: A collaboration with children and young people and their families (Dr Claudia Heggie)</p> <p><u>Multiprofessional Award</u></p> <p>Joined up play care: Closing the gap in children's cancer services (Helen Morris)</p> <p><i>Audience: Everyone</i></p>  |  |  |  |
| 15:45-16:00 | Circulating Break   |  |  |  |
| 16:00-17:00 | <div>  <div> <p><b>Auditorium:</b> Keynote lecture <b>PLENARY</b></p> <p><b>Communicating risks and uncertainties: Is there a trustworthy way to do it?</b> (Professor David Spiegelhalter OBE, Emeritus Professor of Public Understanding of Risk, and Professor of Biostatistics at the University of Cambridge)</p> <p>David is a distinguished statistician and communicator with regular TV and radio appearances. David focuses on the difference between how we think and how we feel about risk, breaking down numbers, the emotion and giving the audience a real way to decide upon how risk can really be calculated. He can put data into context and show how numbers can influence people on how to make a decision. He is delighted to join us in Manchester and has personal experience within our CYP oncology community – his son Dan sadly died of cancer aged 5 in 1997.</p> <p><u>Closing message for Day One</u></p> </div> </div> |  |  |  |
| 17:00-19:00 | <b>Exchange Hall:</b> Networking Reception, Meet the Chairs&Posters   |  |  |  |
| 19:00-late  | <b>Charter Suite:</b> Conference Dinner & Member Awards (live music)  |  |  |  |

| Day 2       | TUESDAY 17 MARCH   |   |  |           |
|-------------|--|---|--|-----------|
| 08:00-09:00 | Registration   |   |  |           |
|             | Auditorium   | Charter Suite   | Exchange Rooms   | Breakouts |
| 09:00-10:30 | <b>PREHABILITATION/REHABILITATION</b><br><b>Supporting Recovery: Integrating Exercise, Nutrition, and Gut Health in Cancer Care</b><br>Chair: Alice Kay<br>Speakers:<br>- Interventions targeting the gut microbiome to improve cancer treatment outcomes and their gastrointestinal side effects (Cecilia Morel)<br>- Living with and beyond cancer - rehabilitation approach to pain-related cancer late effects (Francesca Lambertini)<br>- Haematopoietic Stem Cell Transplantation following a diagnosis of childhood cancer: Is there a role for prehabilitation? (Debby Rowley)<br><br>plus more (TBC)<br><i>Audience: Everyone</i> | <b>PAEDIATRICS   CLINICAL</b><br><b>Paediatric Oncology in Practice: Bite-Sized Solid Disease Updates from Trials to Best Practice</b><br>Chair: Prof Amos Burke<br>Key updates and core clinical information for all those who treat children with cancer.<br><br><i>Audience: All those interested in oncology treatment and care</i>   | <b>TYAs   RESEARCH</b><br><b>Optimising Cancer Research and Trial Access for Teenagers and Young Adults</b><br>Chair: Prof Dan Stark<br>- BrightLight overall learning (Rachel Taylor)<br>- Next steps from the STARS mixed methods results (Oana Lindner)<br>- Measuring Quality of life & utilising PROs in practice, in the UK and in Europe (Sam Sodergren)<br>- Living Lab - how can we all do this together TBC<br>- Communication with TYA & next steps from my research findings (Debbie Critoph)<br><u>Guest speaker</u><br>What are the key next questions in immuno-oncology for young adults with cancer? (Dr Allie Shipp)<br><br><i>Audience: All those involved in TYA research and care</i> |           |
| 10:30-11:00 | <b>Exchange Hall:</b> Refreshment Break  |   |  |           |
| 11:00-12:15 | <b>PANEL DISCUSSION</b><br><b>Multidisciplinary Strategies in Action: Real Case Study Panel (TBC)</b><br><br>Panel of specialties to discuss decision points, challenges and input in two patient case studies.<br><br><i>Audience: Everyone</i>   | <b>HAEMATOLOGY</b><br><b>Leukaemia &amp; Lymphoma in CYP: Treatment, Trial, Care and Research updates</b><br>Chair: Dr Emmy Dickens<br><b>Speakers:</b><br>- Finding leukaemia's Achilles heel (Prof Chris Halsey)<br>- How does blinatumomab fit into the ALL-Together trial in frontline treatment? Licensing/funding issues plus small update on the ALL2G trial (Dr John Moppett)<br>- Update/insights into the Hodgkin lymphoma guideline/reported trials (UK & EuroNet) (Stephen Daw)<br>Plus more. <i>Audience: All those interested in haematology treatment &amp; care</i> |  |           |

|             |  |  |  |  |
|-------------|--|--|--|--|
| 12:15-13:15 | <b>Exchange Hall: Lunch</b><br>12:30-13:00 'Lunch & Learn' Session: Treatment guideline development & production (CCLG Guidelines Team)<br>12:30-13:00 Spotlight Sessions  |  |  |  |
| 13:15-14:30 | <b>LONG-TERM TREATMENT</b><br><b>Life After Childhood, Adolescent and Young Adult Cancer: Long-Term Health, Quality of Life &amp; Risk</b><br>Chair: Dr Michelle Kwok-Williams<br>Speakers:<br>- Paediatric low-grade glioma across the years: Benign is not fine (Dr Katie Green)<br>- SMILE consortium - dental & facial deformation in survivors (Dr Shermaine Pan)<br>- PANCARE: A retrospective talk on key UK contributions for children, TYA & broad lessons learned (Dr Rod Skinner)<br><br><u>Guest speaker</u><br>Female breast cancer risk associated with anthracycline chemotherapy for childhood cancer (Prof Leontien Kremer) <b>TBC</b><br><br><i>Audience: Everyone</i> | <b>ETHICS &amp; CHALLENGES</b><br><b>When Children and Teenagers Refuse Treatment: Ethical Dilemmas in Oncology</b><br>Chair: Dr Charlotte Burns<br>Two patient case presentations.<br>Speakers: Dr Anna Jenkins, Dr Esther Blanco & panel of experts<br><br><i>Audience: Clinicians, nurses &amp; allied health professionals</i> |  |  |
| 14:30-15:00 | <b>Exchange Hall: Break</b>  |  |  |  |
| 15:00-16:15 | <b>PERSONAL DEVELOPMENT</b><br>GUEST SPEAKER<br><b>How to Manage Your Nervous System Before It Manages You</b><br>(Dr Claire Plumbly)<br>The human nervous system was designed to cope with stress, but persistent demands can grind us down, leaving us operating in one nervous system mode only - survival. In this talk, Claire explains the neuroscience of stress and why some self-care strategies fail to touch the sides when   | <b>CLINICAL   RESEARCH</b><br><b>AI/Data in Oncology: Practical examples</b><br>Chair: Dr John Apps<br>Speakers: TBC   |  |  |

|             |  |  |  |  |
|-------------|--|--|--|--|
|             | <p>we get beyond a certain point.</p> <p><i>Dr Claire Plumbly is a Clinical Psychologist, EMDR Consultant and author of Amazon bestseller 'Burnout: How to Manage Your Nervous System Before It Manages You',</i></p> <p><i>Audience: Everyone</i></p> |  |  |  |
| 16:15-16:30 | <b>END OF CONFERENCE</b>   |  |  |  |
