Make your own ‘cheerleader’ pom-pom...

You will need:
8 sheets different coloured tissue paper
Safety scissors
(or patterned-edged craft scissors)
Sticky tape

How to make your pom-poms:
1. Place each sheet of paper on top of each other.
2. Fold 5cm of your paper over at the short edge of the paper stack. This will make your handle when you have finished cutting.
3. Using your safety scissors with a grown-up, cut a strip about 1-2cm wide to make the first ‘tassle’ leaving the 5cm of folded paper.
4. Repeat this along the paper stack to make all of your tassles.
5. Take the folded end of the paper and roll up to make a handle, taping in place.
6. Why not add some extra colour to decorate your pom-pom!

Why not make two!
